

Two new issues of *Nordicum-Mediterraneum* are being released in March 2018.

The former, special issue 12(4), comprises proceedings from the conference “The Sick Action. Shadows of the World, Shadows of Mankind”, held in Palermo, Italy, on the 9th and 10th of June 2017, and organised by the Sneffels Psychoanalytic Circle of Palermo in collaboration with Italian and Icelandic institutions.

The latter, regular issue 13(1), comprises two new articles on recent socio-economic trends in Iceland (both of which underwent double blind peer review) as well as several book reviews. We thank all contributors and collaborators for their good work.
